

Celebrate Spring.-

15% off *Liposuction*

Liposuction is among the most popular cosmetic surgery procedures, and sculpts the body by removing undesirable fat from areas around the thighs, knees, buttocks, waist, hips, abdomen, chin, cheeks, neck and upper arms.

Dr. Saied Asfa is a Board Certified plastic surgeon, and uses Power Assisted Liposuction (PAL), which is one of the most advanced and effective techniques available. This allows Dr. Asfa not only to treat the difficult areas more effectively, but also to treat the more delicate areas, such as the neck, inner thighs, etc. with a gentler sculpting touch, achieving results that are clearly superior to traditional liposuction techniques.

Liposuction is not a substitute for a healthy diet and exercise, but the procedure can eliminate areas of fat that are unresponsive to typical weight-loss methods, and improve body contour. The liposuction discount is valid for any consultation during March 2010 and any lipo procedure scheduled as a result of that consultation, up until June 30, 2010.

For more information or to schedule a consultation, please call 540-432-0303 or visit us online at www.AsfaPlasticSurgery.com
